The 1848 Wisconsin Constitution established the Register of Deeds as a permanent element of the county-level governmental structure. Jackson County has records dating back to 1854.

I am the only qualified candidate with many years of higher education, and the only candidate that has served over 10 years in an Elected non-partisan office in this county. Brainwash

In the English language "I am" is the shortest sentence. "I do" is the longest sentence and four more years of this administration would be a death sentence.

Robert F. Kennedy Jr. a democrat and a true American got his gut so full of the lying and cheating going on in his own party that he said enough is enough, especially when the party blocked him from running against Biden and Harris for the presidential candidate. He said himself that is when the democrats threw democracy under the bus. The people in charge of the White House today know Kennedy is not a political puppet and they knew he would win the delegates and if he got to be president, the first thing he probably would do is throw out Hussein and his crew and the Biden bunch wouldn't be far behind.

A true American president that really cared for his country and people would never ever open the borders. That is a far greater crime than anything they accused our former president of.

Open borders will destroy this country, the first thing this administration did was open the borders, knowing it would be a problem and do nothing to stop it.

Our two worst enemies, the Muslims and Chinese have too much influence in the White House and I will guarantee they both approved of the open door policy. They probably couldn't believe any country would be that stupid!

Depressing our oil production and promoting electric cars without doing some research is just as dumb.

Plus, this administration made some big issue with gender policies that created problems in our sports and military. Defunding some of our law enforcement was also brilliant. Law and order are one of the things that makes this country great.

Letting illegals vote is just stupid, you go and apply to be a citizen the right way and go to the polls with your IDs or don't vote.

And don't be selling land to our worst enemies, the Chinese must think that we are a bunch of morons. If you do sell property to a foreign buyer 49% should be the most they would control.

I don't want to get off the subject but, there was a rumor going around that the administration was considering adoption because they were running out of family members to funnel the money off to. How do you cure Brainwash?

Liberty, Property Rights and EXPERIENCE MATTER

I don't belong to a political party and have voted on both sides of the political ticket over my 40 years of voting. One thing I've never understood is why local county courthouse positions need to run on a political party line. While these jobs are very important to the county they represent, they have no effect on what happens outside the county. Brittany Knudtson, who is running for Register of Deeds in Jackson County was 100% correct when she stated, "we have no control over anyone's freedom or property rights and therefore true experience matters most in these types of offices" and "our office has zero control over personal freedoms or property rights".

The Register of Deeds is a very critical office when it comes to protecting vital records. Ownership of property does need to be properly recorded. As a real estate agent for 19 years, I've utilized this office hundreds, if not thousands of times. What is most critical is having someone in this position who has experience and therefore knows what they are doing. In my opinion, it would be an absolute injustice to have someone who has never worked (in this position) and therefore has no experience in this position. There is a learning curve of months, if not years, to learn the ins and outs of this office. Brittany Knudtson is the candidate who has the experience this critical office requires and needs.

What would be inexcusable would be to put someone with absolutely no experience in this critical position. Experience matters. My vote is for Brittany Knudtson. Experienced and dedicated in the Register of Deeds office.

AND GOD SAYS . . .

"God demonstrates his own love for us in this: While we were still sinners, Christ died for us." (Romans 5:8)

I recently heard a new song in church that overwhelmed me with its lyrics and melody. It is basically a testimony song enshrouded in a dramatic description of God's love for us and His work to redeem us.

The first verse describes the composers descent into sin and his failure, without hope of deliverance. Then the second verse is utterly profound. Here are the words.

But as I ran my hell-bound race, Indifferent to the cost.
You looked upon my helpless state, And led me to the cross.
And I beheld God's love displayed, You suffered in my place.
You bore the wrath reserved for me, Now all I know is grace.

Do you see it? Do you understand the fullness of its truth? Do you believe it?

First, do you realize we did nothing, indeed we can do nothing to effect our salvation? In fact, the Bible describes us as being "dead in our trespasses and sins." That literally means we can do nothing to help ourselves.

Second, God took the initiative to save us. This He did for no other reason than that He chose to love us even though there was nothing about us that warranted His love.

Third, He showed us His love in the most powerful way He could, He died a gruesome death on the cross for us. In so doing, He died in our place, experiencing the suffering we deserved.

Fourth, Jesus so completely satisfied justice that we can now live guilt free lives because God lavishes His Grace on us, forgiving our sin. This He can do through the death of His Son, Jesus.

All that is left for us to do, is to believe in Jesus to the degree that we confess our need for His help and believe Him to forgive us and restore us to a right relationship with Him. The reward for doing so is a clear conscience now, and eternal life in the future.

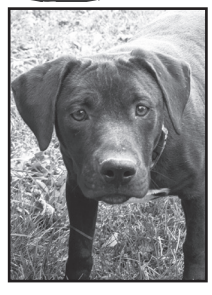
Clark County Humane Society's Pet of the Week

"OSCAR"
Oscar is the CCHS Pet of the Week!

SAVE A SHELTER PET!



Oscar came to CCHS as a stray from the Hatfield area earlier this October. This handsome 6-month-old Mixed Breed has a mostly black coat with a white chest and weighs about 34.1 # currently. You won't find this charismatic guy to have a grouchy bone in his body! Oscar is down for cuddles, playtime, walks, you name it! With any rescue, training and socialization are key to the success of the animal. He has now been neutered, vaccinated, microchipped and treated for parasites. So Oscar is all ready to start making lots of great memories with his new forever family. If that's you, please apply to adopt Oscar today! You can submit your adoption application for Oscar on our website: www.cchs-petshelter.org/applying-to-adopt. We have lots of wonderful pets available for adoption now, especially puppies and kittens, so please check them all out and then stop in to visit!

Do you have a love for cats and dogs and have been thinking it would be nice to help out at CCHS? Well, now's your chance! Whether it's a few hours a week, one day a month, or something in between, this is your opportunity to try it out. We are very much in need of volunteers! You can learn more and sign up on our website: https://www.cchs-petshelter.org/volunteer or email April at cchsoutreach1@gmail.com. Come join our CCHS volunteer family!
