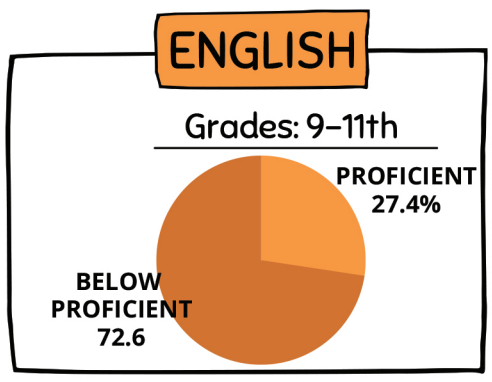
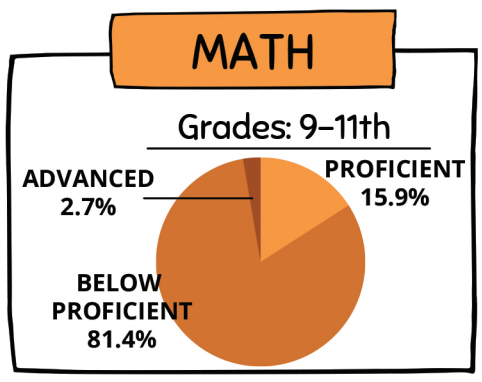
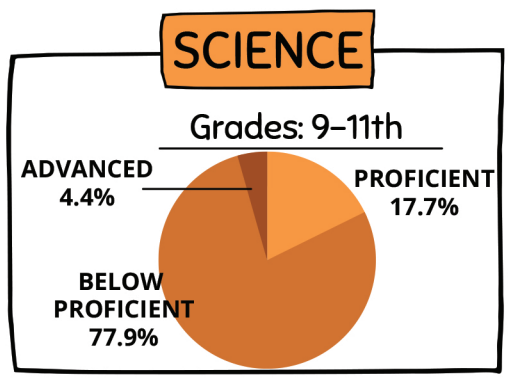
# THE TRUTH







We will never give up, let up, or shut up, because we care deeply about children and the future of the country we leave them. We need positive changes in our local schools to improve achievement and to stop age inappropriate curriculum and policies that can harm children. We want to stop the tragedy that is happening in our schools academically and ethically! The most unloving thing to do is remain silent.

The school district of Black River Falls has been the poorest preforming district in the county for years. This is well documented on the Wisconsin DPI school performance website. In 2019, prior to the pandemic, our district was in the bottom 4% in our state academically! These are documented facts and an academic embarrassment to our community!

While student achievement suffers, the school board and administration have focused on other agendas like implementing a gender support plan. Five board members voted in support of the plan. We do not support the plan. We believe the plan hurts our youth. For more details, please visit our website, www.JacksonCountyforEducation.org.

We, as a community, need to be aware of the powerful influences that seek to control what teachers teach and the pressures for them to conform to administrative directives. More facts and information is available on our website. We should ask, do you want to put your children in harm's way? Explore other options for your children!

Former board chairmen Mary Jo Rozmenoski, wrote an editorial telling us all to be 1. Positive, 2. Engage in meaningful conversations. 3. Be part of the solution, not the problem. Does this board practice those behaviors? What mechanism do they have to engage the public in a meaningful way? Many individuals have provided hours of researched information and documentation to this board on a number of subjects. There have been few meaningful conversations, no acknowledgment of valid concerns and incredible negativity launched by the board and administrator towards anyone who dares to expose these serious problems or who calls for change. That is weak leadership and bullying behavior!

We need positive leadership that is willing to listen and truly consider diverse perspectives. We need responsive, transparent leadership in the superintendent and the school board, not the new board “Code of Ethics” that forbids open discussion with the public regarding board agendas. We need leadership that acknowledges district problems and is willing to stand up against a stifling status quo. We need creative solutions to engage parents and inspire students to achieve. If you're one of the 70% that didn't vote in the spring elections, please don't miss your next opportunity to make your voice heard and stand up for our kids! Read more action steps on our website. The facts matter; it's time for change.

AND GOD SAYS . . .

In Matthew 19:16, the Scriptures say, "Now a man came to Jesus and asked, 'Teacher, what good thing must I do to get eternal life?'"

This question is very interesting. It reveals a common misconception— that we must do something to receive eternal life. But in Ephesians 2:8-9, God says through the Apostle Paul, "For it is by grace you have been saved, through faith — and this not from yourselves, it is the gift of God— not by works, so that no one can boast."

Salvation is not about what we do. It is about the One in whom we believe. The man mentioned above, was told by Jesus, "go and sell your possessions and give to the poor…Then come, follow me." But the man went "away sad because he had great wealth."

Jesus was not telling the man that he could receive eternal life by selling his possessions. Rather He was telling the man that eternal life is the result of a committed relationship with Him.

Jesus did this in two ways. First, He told the man to get rid of his worldly wealth, to give it to the poor. This was not to earn righteousness that would qualify him for heaven. It was to eliminate the major obstacle in the man's life that prevented him from having a complete relationship with Jesus who gives eternal life.

Secondly, with the obstacle to an intimate relationship removed, Jesus told the man to follow Him. Jesus was telling the man that eternal life is not about keeping the law, being a good person, being successful in business, or any other work. Rather, eternal life is a result of a committed relationship to Him.

Salvation is not a result of a prayer, profession or church affiliation. Salvation is the result of a committed relationship with Jesus Christ. It is not a way of life— it is life itself. It is not doing— it is believing in Jesus which is demonstrated by our obedience to Him.

You, too, can have eternal life if you will commit your life to Jesus. He will not fail you!
