# AND GOD SAYS . . .

**An article published August 22, 2022 by WND.com staff entitled "'Call evil good, and good evil': Secret weapon to seduce, mesmerize Americans now revealed – How tyrants and lunatics are enslaving Americans by redefining everything" caught my eye. They wrote, and I quote,**

The elites are changing America's language itself, so that people's words – and therefore, their very thoughts – inevitably come under the control of the ruling class. It's a way of bending reality in real time, so that what is illusion appears to be true, while what is real and true appears to be lies, misinformation, "conspiracy theories" and "extremism."

Examples are abundant. But just to name a few redefinitions:

If conservatives hold a protest it's called an "insurrection." But if leftist progressives riot it is called called a "peaceful protest." And if conservative parents dare to express their concerns at a school board meeting they are called "violent extremists" and "domestic terrorists."

But the WND staff stated that:

These examples barely scratch the surface of the left's Orwellian redefinition of history, politics, economics, science, culture, faith and morality – in other words, of reality – by radically messing with Americans' language. Indeed, the ruling elite's wild redefinition of terms like "racism,""equity,""justice," "democracy,""diversity,""illegal alien,""voter suppression," "disinformation,""domestic terrorist,""violent extremist,""insurrectionist,""marriage" and scores of other terms – including, of course,"woman" – has turned America upside down, a condition they confidently now define as right-side up."

So why should this surprise us? It seems to me that this is just the natural outcome of our rejection of absolute truth. But even more basic than that is that we have no absolute truth because we have rejected the source of all truth, the Creator God. And, as a result, everyone does what they think best but that will only lead to death (Proverbs 14:12). The answer is proverbs 3:7, which is, rather than doing your own thing, fear God and do things His way. He is our only hope.

**Macho is the CCHS Pet of the Week!**

With a name like Macho you'd expect this to be a big tough dog. But Macho is just a sweetie! He's about 5 years old and weighs 54#. He is a neutered male mixed breed with a short-haired black and white coat. Macho came to CCHS when he had been found as a stray, but his family never came to reclaim him. So he needs a new family! Macho gets along well with everybody he meets, both people and other dogs. He walks well on a leash. He also loves to be outside enjoying the sunshine and rolling around on the grass. If you'd like to enjoy his happy face every day, apply to adopt Macho today! You can submit your adoption application on our website: www.cchs-petshelter.org/applying-to-adopt.

Do you have a love for cats and dogs and have been thinking it would be nice to help out at CCHS? Well, now's your chance! Whether it's a few hours a week, one day a month, or something in between, this is your opportunity to try it out. We are very much in need of volunteers! You can learn more and sign up on our website: https://www.cchs-petshelter.org/volunteer or email April at cchsoutreach1@gmail.com. Come join our CCHS volunteer family!!

## Cooperatives are Part of Your Life

Celebrated by cooperatives nationwide during the month of October, National Co-op Month is an annual opportunity to raise awareness of a trusted, proven way to do business and build resilient, inclusive communities. Under the theme "Co-ops Build Economic Power," this year's Co-op Month is also a chance to lift up the cooperative business model as the best way to build an economy that empowers everyone.

As businesses face inflation and supply chain challenges, cooperatives provide stability and opportunity. As employees question their role in the economy, cooperatives are creating dignified, empowering jobs with paths to ownership and wealth-building. As communities tire of rhetoric, cooperatives are creating the meaningful diversity and equity at the heart of an inclusive economy.

Cooperatives nationwide are encouraged to use this year's theme and logo in their communication and outreach activities this October.

***CO-OP MONTH FUN FACTS***

- Minnesota was the first state to declare an official Co-op Month proclamation in 1948.
- Co-op Month has been a nationally recognized celebration since 1964, when U.S. Secretary of Agriculture Orville Freeman, a former Minnesota governor, proclaimed October Co-op Month.
- The first national Co-op Month theme, in 1964, was "Cooperatives: USDA Helps Build a Better America."
- The U.S. Government sponsored Co-op Month from 1964-1970

## I am still me

My behaviors may change, I may begin wondering, repeating questions, have verbal and or/physical outbursts. I may resist personal care and begin hoarding. I may have sleep disorders and /or hallucinations or paranoia. Something may be bothering me. I am trying to communicate it to you in a different way now. But I am still me.

Try to stay calm and resist arguing or reasoning with me. Do not correct me but try to re-direct me. Stay calm, empathize and understand rather than raising your voice and trying to reason with me. I can hear your smile; it helps me to feel safe and secure. I am still me.

Remember that I am unique. Activities and conversations that successfully redirect one person may not work with someone else. My truth is the truth. I am still me.

Keep my routines consistent. It will reduce my anxiety and help decrease your stress. I am still me.

Adopt my activities to what I can do now not what I used to do. Limit my choices, provide gentle guidance, break tasks down into single-step directions and remain positive physically and verbally. I may have changed, but I will still be me.

Please don't say "no" or "don't do that." I am not a child. Treat me as an adult. Step away for a few minutes. Maybe we both need some time. I am still me.

Give me choices or suggestions instead of open-ended questions. Instead of, "Where would you like to go today?" Ask "Do you want to go to the park or the beach today?"

I still like most of the same things. I just may not know how to tell you. But I am still me.

I may still like hugs, be a part of the conversation and attend gatherings and events. But I may forget names and places. Keep me involved. I am still me.

Please advocate for me when I cannot. Exercise, diet and a positive environment can help me. Monitor and report my health changes. I want to still be me.

My memory is short-term. Rewarding me or offering incentives for better behavior now and in the future will no longer work. Negotiating with logic or reason will no longer work. You may become frusrated. I don't mean to frustrate you. I learn differently now, most of the time it is beyond my control. I can be frustrating, but I am still me.

Everyone has a life story. Please document mine; scrapbooks, videos, hobbies, likes/dislikes and my routines. When I can no longer tell my story, it will be helpful to my family, friends, loved ones, caregivers and my care plan. So that I can still be me.

*From: Mind & Memory Matters, A Project of Wisconsin BPDD*

Each of us have a chance of interacting with an individual who may be experiencing memory loss, whether that is through a loved one, work, or simply being out in the community. I Am Still Me offers a great reminder of how our actions, verbal and nonverbal, affect others.

As people change, it may become harder to visit, and at the same time, those visits become more important. Interfaith's Time for You Dementia Respite Program staff and volunteers get the privilege of visiting with individuals with dementia. These trained individuals provide program participants with a safe place to engage with others who are experiencing memory loss by utilizing the reminders in I Am Still Me.

Interfaith also partners with the Aging and Disability Resource Center to offer a monthly support group on the first Thursday of each month from 2 p.m. to 3 p.m. With many resources and partnerships, we are blessed to be a part of this wonderful community.

If you would like more information on Interfaith or our Time for You Respite Program, please call us at 715-284-7058.

## Women in History nominations being accepted

It is that time of year again to submit nominations for Jackson County's 2022 Women in History nominees. Founded in 1996, the purpose of the Jackson County Women in History program is to honor the achievement of women in the history of Jackson County. This is done through the annual induction ceremony honoring the selected women's contributions to Jackson County's history.

Women in History is sponsored by the Women in History Nominating Committee. The ceremony honoring Women in History designees is traditionally held during the third week of March.

Nomination must be submitted by Jan. 31.

In order to be eligible for consideration, individuals must be a resident of Jackson County, must be at least 60 years of age, making a difference in a community in Jackson County, making a difference in someone's life and volunteering their time and talent to benefit the community.

Past nominees that have not been selected within the last three years are resubmitted. Any nomination submitted more than three years can be resubmitted.

Nomination forms can be picked up at the Jackson County Aging Unit, Jackson County Sheriff's Department and Jackson County Interfaith Volunteer Caregivers. Send nominations no later than Jan. 31 to Women in History, PO Box 354, Black River Falls, WI 54615.
