Republican Reforms = Results

WHAT REPUBLICANS ACHIEVED IN THE FEDERAL GOVERNMENT:

- Republicans secured commitments for $19.2 Trillion of new investments in the United States. American Exports have soared to the highest level in American history – we are on track to export an unprecedented $2.5 Trillion dollars of goods in 2026. More Americans are working today than at any time in the history of our country. The stock market has set over 80 new all time highs since the 2024 election.

- Republicans created the Department of Government Efficiency (DOGE) to modernize federal IT, boost productivity, and cut government waste, resulting in $215 billion in savings of federal tax dollars.

- Republicans achieved the most secure border in U.S. History – ZERO illegal aliens admitted to the United States in the past 17 months. We ended sanctuary cities, deported criminal illegal aliens, and stopped Biden 'Catch and Release' border policies.

- Republicans achieved the largest reduction in murder rate EVER recorded, to the lowest level in 125 years (since 1900).

- Republicans ended the Federal Tax on Tips, Overtime, and Social Security.

- Republicans eliminated the Federal Death Tax burden on family farms.

- Republicans launched Trump Accounts – Tax free investment accounts for every American child, starting with $1000.00 for every newborn. Over 70 million children have already enrolled and invest for a secure future and retirement.

- Republicans secured Most Favored Nation agreements to reduce the cost of many prescription drugs by price differences of 300, 400, 500, and 600 percent. We launched Trump Rx that significantly reduced the prescription drug prices in America.

- Republicans delivered a $50 Billion Rural Healthcare Fund and additional $1 Million to BadgerCare. We delivered $6.1 Million in for WI-03 district hospitals.

- Republicans delivered over $7.7M in federal funding for WI 3rd District police and first responders.

- Republicans abolished discriminatory "Diversity, Equity, & Inclusion" (DEI) policies throughout the Federal Government. Banned men from playing in women's sports, and banned transgender ideology and critical race theory in our schools.

WHAT REPUBLICANS WILL DO FOR YOU IN WISCONSIN GOVERNMENT

- Wisconsinites are overtaxed. The last state budget increased spending by 15%, pushing the budget above $100 billion for the first time in state history, and Madison is still sitting on a surplus. The $3 billion surplus is your money, and Republicans will return it to you.

- Wisconsin will no longer rank in the top 10 property taxed states. We will end the Evers 400-year property tax increase, and implement a property tax freeze so families and seniors won't be taxed out of their homes.

- Republicans will deliver a 10% Working Families Income Tax Cut for working families earning under $150,000 a year, **AND END STATE TAXES ON TIPS AND OVERTIME.**

- Under the Evers administration, the Public Service Commission (PSC) approved more than $2 billion in utility rate increases, granting over 70% of requests. Republicans will **REDUCE ENERGY BILLS** by appointing PSC commissioners who put ratepayers first, stop shutting down reliable baseload power, and embrace next-generation nuclear energy to lower costs and strengthen our grid.

- Republicans will fully repeal the minimum markup law, which adds over 30 cents per gallon to gas.

- Republicans will stop Wall Street and Communist China from buying Wisconsin homes.

- Wisconsin is spending more per student than ever before, yet just 31% of fourth graders are proficient in reading. Republicans will restore higher academic standards and require honest school report cards that give parents a clear picture of how their schools are performing. We will get back to the fundamentals, using proven, science-based reading instruction to teach kids how to read, strengthening writing and math, andexpand career and technical education so students graduate with the skills to enter the workforce.

- Wisconsin's average starting teacher salary ranks 44th in the nation. Republicans will set strong minimum salary standards, like Iowa and South Dakota have successfully done.

- Wisconsin's universities should put Wisconsin students, families, and taxpayers first. UW-Madison's share of in-state freshmen has fallen from 60% in 2011 to 45% in 2025, while Wisconsin has the second-largest net loss of young, educated workers in the country. Republicans will freeze tuition, demand accountability for taxpayer dollars, eliminate DEI programs and racial preferences, and refocus the UW System on academic excellence and preparing Wisconsin students for good-paying careers in WI.

- Republicans will require hospitals and insurers to provide clear, upfront prices so patients can compare costs and make informed decisions about their care. Transparent markets will drive down costs as providers compete in an open market. We will expand direct primary care, which allows patients to pay their doctor directly through a membership subscription. We will also support allowing the Wisconsin Farm Bureau to offer health plans to its members, an option already available in 14 other states. We must remove barriers to health care options that give families more choices, lower costs, and put patients in control of their care. We will increase access to mental health services through telehealth and community-based care.

- Pharmacy Benefit Managers (PBMs) were created to negotiate lower prescription drug costs, but too often their practices benefit middlemen at the expense of patients and local pharmacies. Republicans will strengthen oversight of PBMs and crack down on predatory practices that drive up costs and threaten independent pharmacies, especially in rural Wisconsin.

- Republicans will **EXPAND CHILD CARE OPTIONS** by cutting unnecessary regulations that make it difficult for home-based and small child care providers to open and stay open. We will also encourage more employers to help their workers with child care by strengthening Wisconsin's employer child care tax credit.

- Wisconsin ranked 40th in job creation from 2018 to 2025. Republicans will create a pro-growth environment with lower taxes, less red tape, and faster permitting. We will reform and modernize Wisconsin's occupational licensing system, cut unnecessary red tape, and ensure workers aren't burdened by excessive government fees just to earn a living.

- Republicans will expand access to healthy, locally grown food by making it easier for farmers to sell directly to local schools, restaurants, stores and families. We will create a Young Farmers Program to help the next generation get into agriculture.

- Republicans will audit every state agency to eliminate waste, fraud, and inefficiency, and bring transparency and accountability back to state government, including clear public dashboards to show taxpayers where money is being spent. Democrats in Madison recently blocked an effort to audit Wisconsin's FoodShare rolls.

- Republicans will expand hunter safety and outdoor education opportunities in Wisconsin schools and create an easy-to-use interactive mapping system to find public hunting lands. David Crowley, cosponsored legislation to ban hunting in Wisconsin state parks, taking away hunting opportunities.

ATTENTION VOTERS:
Flock Cameras and Metal Detectors/ Body Search In Jackson County

The Jackson County Board has brought in Flock Cameras and watches citizens conducting daily life and now wants to install metal detectors and conduct body searches at the County Court House for millions of dollars at taxpayer expense. This while banning any video and audio recording of their supposedly "public" meetings, even by the press. During this election season the voters of this county need to get a promise that Flock Cameras will be removed and the County will stop the attempts of illegal searching of citizens trying to conduct business in the Court House. The same building that shares space with a well-armed police force. The occupants of the County Court House are well guarded, day and night, something our 4,000 students at our Counties Public Schools do NOT enjoy.

The Jackson County Board installed Flock Cameras to track we citizens, and at the same time removed audio and visual accountability from themselves during meetings. The occupants of the Court House work behind bulletproof glass and are co-occupants with a manned, heavily armed police force. When court is in session metal detectors are already in place, so the added level of security and expense of a police manned detector is costly and unnecessary.

The five Republicans on the board stopped the body searches with the help of four of the fourteen democrats. Even a third of the democrats thought this infringed to severely on our Fourth Amendment Right against unreasonable searches. Voters need to demand that all politicians running for office in Jackson County publicly state their positions on the search of private citizens before conducting our business at County Offices. Voters also should demand candidates state their position on the removal and the tax burden of the Flock cameras and cease the unwarranted spying on all of us in our daily lives. Monroe, Clark and Trempealeau Counties and West Salem have removed their surveillance systems over the last two months - Jackson County must follow suit. Monroe County ceased the use of metal detectors and body searches years ago at their courthouse.

Do not vote for any politician who does not guard the Constitution. The Jackson County Republican Party needs to ensure that anyone they support meets the standards of the Republican Party.

BARN OWL

THROWN UNDER THE BUS

Rural voters put their trust in President Trump. They believed he and his party would stand up for America's farmers. In 2024, Rural areas gave Trump as much as 93% of their votes. But after the election, the administration took a different path.

Todd Beeton, in his article *Rural voters strike back: the price of Trump's betrayal*, wrote about how Trump has put his own interests and those of his billionaire supporters ahead of rural Americans. Rural voters were thrown under the bus.

Here are some ways rural Americans have been affected:

- **USAID** – About 400 individual U.S. agricultural producers relied directly on USAID contracts. USAID also bought products from grain elevators. $2 billion yearly was used to buy products from US growers. By July 2025, USAID was closed.

- **Tariffs** - Aug. 2 2025 was named "Liberation Day." The administration announced huge tariffs on our trading partners. Farmers had already planted crops, prepared their fields and ordered fertilizer and seeds. U.S. exports fell by 3%. Trade with China fell by $16 billion and with Canada, by $1.3 billion. Soybean exports fell by 72%.

- **I.C.E. RAIDS** – I.C.E. at first spared farm workers. Then, in June 2025, ICE agents began raids at meat packing plants and farms. Farm employment dropped by 6.5%. One California farmer said "70% of the workers are gone." On Sept 24, three Midwest livestock associations warned that ICE activity was endangering their animals and operations. It was driving away "legal, documented, skilled workers" who helped put beef on our tables.

- **ONE BIG BEAUTIFUL BILL ACT** – The law cut Medicaid spending by $911 billion over 10 years. In rural areas, 18% of adults and **50% of children and babies** rely on Medicaid. Medicaid money also helps keep rural hospitals open. According to *Becker's Hospital Review,* as of July 2026, about one-third of all rural health care facilities are at risk of closing. SNAP benefits, used by many rural working families, were also cut. **The bill also made it easier for large projects, like data centers, to be built in rural areas.**

- **WAR IN IRAN** – The war with Iran has doubled the price of diesel fuel. Harvesting and hauling the harvest to market is more expensive. The cost of fertilizer and natural gas have also increased. The cost of water treatment chemicals tripled for rural towns and villages. Even water bills have gone up.

Approval for Trump and Republican politicians among rural voters fell 22 points between June and August 2026. As my Wisconsin State Senator, Brad Pfaff, said, **"There is no education in getting kicked twice by the same cow."**

Jackson County Interfaith Volunteers
Welcomes Shawn Callisto as New Senior Manager

BLACK RIVER FALLS, WI — Jackson County Interfaith Volunteers are thrilled to officially announce the appointment of Shawn Callisto as the organization's new Senior Manager. A lifelong resident of Black River Falls, Callisto steps into this leadership role with a profound dedication to community wellness, an extensive background in healthcare leadership, and a deep history of local service.

Jackson County Interfaith Volunteers have long been a pillar of the local community, dedicated to helping senior citizens and individuals with disabilities maintain their independence through essential services like transportation, companionship caregiver support and respite programming. As Senior Manager, Callisto will oversee day-to-day operations, drive strategic outreach, and strengthen partnerships with local health organizations and community advocacy groups.

Callisto brings a unique and powerful blend of expertise to the position, holding a master's degree in nursing with an emphasis on leadership and management, alongside associate degrees in Marketing and Human Resources/Business Administration. Recently she completed the UW Madison New to Public Health Residency Program. This diverse skill set bridges clinical care with organizational management. Professionally, Callisto has served the region through roles in long-term care, hospice, public health, and homecare.

Callisto is already a deeply familiar face within the county's support networks. She previously served as an Interfaith Board member and as the Coordinator of the Interfaith Time for You Dementia Respite Program. Her hands-on dedication to the local community continues through her active roles as a co-facilitator of the Jackson County Caregiver Support Group, President of Skyline Women's golf league, and Secretary for the Black River Falls Lions Club.

Please join Jackson County Interfaith Volunteers in giving Shawn Callisto a warm welcome as she steps into this new executive capacity to guide our volunteers and enhance vital services across the county.

BLACK RIVER FALLS AREA FOUNDATION

Black River Falls Area Foundation Welcomes Bryana Eggen as Operations Specialist

The Black River Falls Area Foundation is pleased to welcome Bryana Eggen as its new Operations Specialist. Selected through an extensive hiring process with more than 20 applicants, Eggen will begin her role on October 19, 2026.

A Black River Falls High School graduate, Eggen brings more than 10 years of experience in operations, administration, project coordination, and process improvement. She continued her education at Skyline College in California, earning a place on the Dean's Honor List for three consecutive semesters. After building her professional career away from the area, she has returned to her hometown community.

Most recently, Eggen served as a Senior Ethics & Regulatory Specialist with Nucleus Network, supporting regulatory operations, employee training, documentation, and process improvement. She also played a key role in integrating U.S. operations during an international company merger. Her experience in project coordination, financial tracking, and organizational effectiveness will be a valuable asset to the Foundation.

"I am excited to welcome Bryana to the Black River Falls Area Foundation," said Anneliese Eddy, Executive Director. "Her extensive experience, organizational skills, and commitment to service will be valuable additions to our team."

In her new role, Eggen will support the Foundation's daily operations and organizational effectiveness as it continues to strengthen communities and create meaningful opportunities throughout Jackson County.

"I am excited for this opportunity and to give back to the community that means so much to me," said Eggen.

The Black River Falls Area Foundation looks forward to the experience and perspective Eggen will bring as it continues supporting local initiatives and making a positive impact across Jackson County.

AND GOD SAYS . . .

Everyone must submit himself to the governing authorities, for there is no authority except that which is from God. Romans 13:1

Midterm elections are just days away. To me, it is the scariest election I have ever been apart of. As the final day nears, it gets even scarier.

I am convinced that, apart form God's miraculous invention, if those who want the U.S.A. to fail as a Sovereign nation, who continue to build the national debt with ever increasing government handouts, who devalue life by making it expendable, who undermine the important of the family and children, and those who rebel against the morals of Christianity become the majority in Congress, we will lose our nation as a free nation and our freedom of religion will be one of the first freedoms we will lose. I wish I had room to adequately make this case, but it is based on the freedoms we are already losing in Europe, Canada, and the United States.

I also believe that if we don't participate in our elections we are forsaking our Christian responsibility to Christ. To put it as succinctly as I possibly can, we are admonished in Romans 13:1 to "submit to government authorities. "We are a government "of the people, by the people, and for the people" (Abraham Lincoln's Gettysburg Address, delivered on November 19, 1863). That means that to properly submit we must actively accept our responsibility to choose who our leaders will be. That means, as believers in Christ to demonstrate our faithfulness and love for him, we will vote. After all, it was Jesus who said, "If you love me, keep my commands" (John 14:15).

Scott Presler, Founder of Early Vote Action said, 30% of Christians are not registered to vote. If we register just 3% of them, we win ...

Friend, this is not just a political war, it is a spiritual battle. If we are absent in this battle we automatically forfeit to godlessness. Most of the issues at stake are absolutely spiritual issues. Issues like abortion, infanticide, gender identify, and transgenderism to name a few. Underlying these issues are the sanctity of life, God's creative order, and God's creative design. It can't be more basic than that. So, will you be faithful to fulfill your responsibility in Christ and vote? Or will you, in apathy or negligence, forfeit this election ensuring the victory of those who have no regard for your values?

JACKSON COUNTY FOSTER CARE

Tom Tiffany: A dismal failure with a record to prove it.

Tiffany voted to CUT $930 Billion from Medicaid:

11.8 million people will be uninsured
20% of Wisconsin residents currently rely on Medicaid
42% of Wisconsin children currently rely on Medicaid
25,900 Wisconsin veterans currently rely on Medicaid
All are at risk of losing coverage thanks to Tiffany

The top 10% of income earners should thank Tiffany.
They will save an estimated $2.3 trillion in taxes.
Three billionaires have already donated
$24 million to his campaign

Friends Sharing Food Donation Drive

We are a local non-profit organization, working through volunteers to serve our community through our food assistance programs. Our goal is to eliminate hunger right here in Jackson County! Please join us in our fight!

- Friends' Food Shelf
- Jackson County Food Pantry
- Neighborhood Food Pantry
- Essential Needs
- Food for Kids

Every $1 donation provides more than 2 pounds of food!!!

Checks can be made to **Friends Sharing Food.**
Please send your tax deductible donation by 11/15/2026

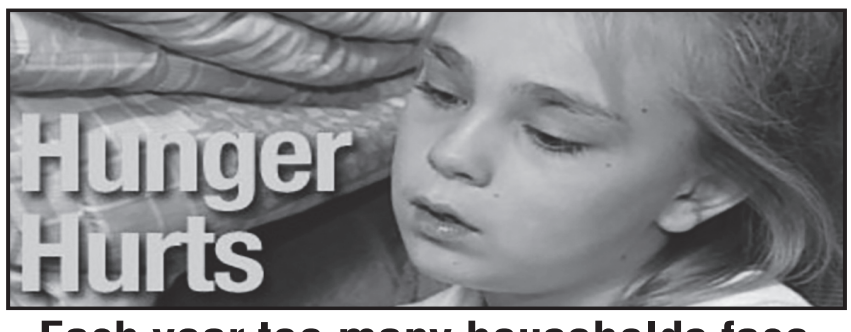

HUNGER...Right here at home! We provide important food to hundreds of our neighbors! No one...young or old should have to go hungry!

PLEASE HELP US HELP THEM!

This is our largest fundraiser of the year! Your continued support is appreciated!

Each year too many households face "Spending Tradeoffs" and have to choose between food and utilities, healthcare, housing or transportation!

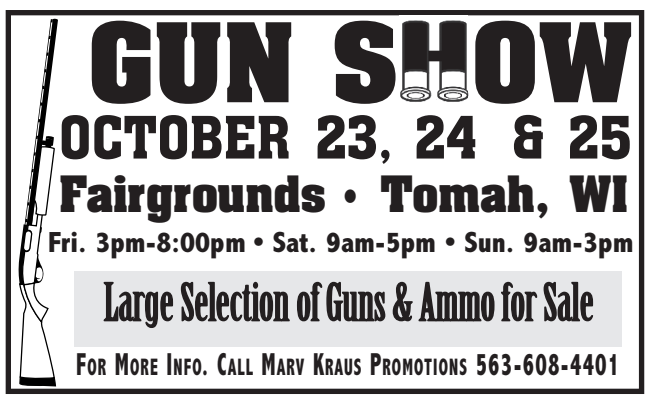

PLEASE JOIN US TO ELIMINATE HUNGER!
