BARN OWL

The Enemy Within

Since the days when British troops patrolled the streets of the colonies, Americans have wanted armies out of our business. Our laws have specifically kept the U.S. military out of the chaos of daily politics. They have not been allowed to work in favor of one group or another – and **they have been restricted from any law enforcement activity against the U.S. population.**

But President Trump says he wants to use the military against American people. He says that America has been "invaded" by **"radical left lunatics", groups like ANTIFA and Hamas supporters.** He says cities like Chicago and Portland are "war zones" even though their mayors say everything is fine. Because he calls this a "national emergency", he wants to invoke the **Insurrection Act.** This would bypass the law that protects U.S. citizens from U.S. Army control. **He says he wants to go after what he calls "the enemy within."**

As he explained to the assembled U.S. Generals and Admirals at Quantico VA, **"This is going to be a big thing for the people in this room, because it's the enemy from within, and we have to handle it before it gets out of control,"**

Trump has also put this idea in writing. **NSPM-7**, a new national security directive, says **anyone with "anti-Christian" or "anti-capitalism" or "anti-American" views are domestic terrorists.** (Trump and his allies will decide what "Christian" and "American" will mean.) **NSPM-7** lets the government break up and punish groups **based on their beliefs - not on their actions.** But Trump thinks **anyone who is against his administration is "anti-American."** His government has given itself permission to treat the American people as the enemy.

The NSPM-7 also allows the Justice Department to target non-profit groups that support "progressive causes" of any kind. This chills free speech and the freedom to unite to express an opinion as guaranteed in the first amendment to the constitution.

Trump won the 2024 election with **49.8% of the national vote. 50.2%** of all voters voted against him. **Trump sees that 50.2% as his enemy.** If you oppose him now, you are called a "radical left lunatic" whether you are protesting against the dictatorship he is building or upset about soy bean prices. As his power and control increases, it won't matter what you are upset about. You become the "enemy within." That's how power works when it's out of control.

Clark County Humane Society's Pet of the Week

"CHIFFON"

Chiffon is the CCHS Pet of the Week!

Chiffon came to CCHS with his 6 siblings towards the very end of August from a local farm. This mighty mixed breed is about 14 weeks old and weighs roughly 14.4# currently. Chiffon is a sassy little spud with a ton of puppy energy to burn! Chiffon is so very cute with his short-haired black and tan coat and perky little ears. He and his siblings all came in with varying degrees of ringworm, but after weeks of isolation and treatment, they are ready to weave themselves into the fabric of your life! Chiffon would love to play a game of fetch, or seven, with you then curl up for that long afternoon nap right by your side! While we aren't entirely certain what his exact breed makeup is, we can tell you he is 100% a goofball! With any rescue, training and socialization are incredibly important to the success of the pup. Apply for Chiffon today!

Do you have a love for cats and dogs and have been thinking it would be nice to help out at CCHS? Well, now's your chance! Whether it's a few hours a week, one day a month, or something in between, this is your opportunity to try it out. We are very much in need of volunteers! You can learn more and sign up on our website: https://www.cchs-petshelter.org/volunteer or email April at cchsoutreach1@gmail.com. Come join our CCHS volunteer family!

AND GOD SAYS . . .

World War One was known as "the war to end all wars." That war cost the lives of more than 15 million people. The new technology of the time made the idea of another war unthinkable. Yet, in just a few years, the world would once again be caught up in another world war— World War Two. This would be even more devastating, resulting in more than 50 million deaths.

It is obvious that man's predictions, hopes and ideologies of the world were wrong. In contrast, the Bible, though written thousands of years earlier, seems to have it right. Jesus taught His disciples that "nation will rise against nation, and kingdom against kingdom." (Matthew 24:7). And the apostle Paul taught, "While people are saying, 'Peace and safety,' destruction will come on them suddenly" (1 Thessalonians 5:3).

What an accurate description of the world today. We are facing not only "wars and rumors of war" but out of control lawlessness, rampant violence and global terrorism. This has resulted in the daily call for "peace and safety." But instead, a peaceful speaker is assassinated, school shootings cease to surprise us, and some of our cities have become so violent that the National Guard has been called in to bring law and order.

To add to this, around the world the killing of Christians is at an all-time high. In fact, the American Center for Law and Justice (ACLJ) reported that there are over 7,000 Christians martyred a year in Nigeria alone.

Furthermore, while the world thought beheading to be a thing of the past, the Bible rightly predicted it as the mode of death for many Christians in the end time (Revelation 20:4). It's not surprising then, that today, beheading is the execution choice for many terrorists today. This also is in agreement with God's Word.

It is absolutely critical then, that we heed God's warning that Jesus is coming back again as Judge of the earth and that only those who put their faith in Him will be saved. Those who reject Him condemn themselves to eternal damnation. Those who honor Him by believing in Him will receive eternal life. And remember, God does not make idle threats or give empty promises. It will happen the way God says, whether we believe it or not. Are you ready to face His judgment?

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle.
