AND GOD SAYS . . .
 The contrast between the humanist worldview and the Christian worldview could hardly be clearer in the way violence is being dealt with today. A good friend of mine, Lee Downey, in a post newsletter, says it this way.
 "Christianity states that mankind has a fallen nature and a bent toward evil. It can only be overcome by the redeeming blood of Christ and a change of heart. Man is responsible for his own actions before God and cannot blame an inanimate object (gun, knife, etc.) for what he does. This thinking legislates itself into a free society, where criminals are taken off the streets for their crimes, and where freedoms are enjoyed by those willing to control themselves (i.e. America before the sixties).
 "Humanism propounds that man is inherently good. Inanimate objects (guns & knives) and circumstances (poverty) are believed to be the cause for the evil that is perpetrated rather than the perpetrator. Therefore, since man is not accountable for his own actions, his actions must be controlled. This results in controlled societies where freedoms are greatly restricted. They are also societies with much crime because 'victim criminals' are continually turned loose after short incarcerations because their bad behavior wasn't really their fault" (Italics mine).
 It is no accident that the more we, as a nation, move away from God, the more crime escalates. Thus, the more controlling our government must become to control the crime, resulting in our loss of our freedoms.
 So my question to you is, "Which government would you rather have rule over you— the one with a Christian worldview (as in early America) or the one with the humanist worldview (as in socialist/Communist countries)? America is at a crossroads right now and we must quickly decide which we want. Will we turn back to God or continue in our foolishness? For God says. "... although they knew God, they did not glorify him as God, nor were they thankful, but became futile in their thoughts, and their foolish hearts were darkened." (Romans 1:21, Italics mine). The answer to our foolish and failing society is not more government but turning back to the God and Father of our Lord Jesus Christ (see 2 Chronicles 7:14).

Clark County Humane Society's Pet of the Week

"GOLDIE"

Goldie is the CCHS Pet of the Week!

Goldie came to CCHS from another overcrowded Shelter in Texas. Goldie is about 10 months old, weighs 52#, and is a neutered male. He is listed as a mixed breed, but we really don't know what he is a mix of. We do know he's handsome with a short-haired tan coat, black muzzle, and warm brown eyes. Goldie is a sweet and calm boy, all ready to meet his new family. He walks nicely on a leash and is looking forward to making lots of great new memories! If you're the family that Goldie is dreaming of, please consider adopting this handsome boy today! You can see more pictures of Goldie and apply to adopt him on our website: www.cchs-petshelter.org/applying-to-adopt. We have lots of wonderful pets available for adoption now, so please check them all out and then stop in to visit!

Would you ever think that your old shoes could help CCHS pay for a well water pump? Well they can! Our team is participating in a fundraiser with funds2orgs.com. We are looking for community members to help us by collecting gently worn, used and new shoes. These shoes will help support our program as well as individuals in developing nations like Ghana, Haiti and Cambodia. Shoes can be dropped off at CCHS when we're open or can be left outside the front door at any time. CC Resale (815 Hewett St) in Neillsville is also a collection point and shoes can be left there between 9:30 am - 11:30 am on Saturday's. Thank you for helping!

Here's how it works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle.
