BARN OWL

THE TRIANGLE SHIRTWAIST FIRE

The history of America's workers is not often taught in our schools. Organized groups of workers, called unions, have helped make life better and fairer in our country.

The Triangle Shirtwaist factory was in New York City. It made a popular woman's blouse. The factory used the 8th, 9th and 10th floors of a building. About 500 immigrant women and girls, mostly Italian and Jewish, worked there. They worked 52 hours for $7 - $12 per week (about $5 - $9 per hour in current money.) The company hired immigrant women because it could pay them less, and because they were uneducated and did not speak much English. They were less likely to cause trouble. The owners locked exits and stairwell doors to keep workers from taking extra breaks or stealing.

On Saturday, March 25, 1911, a fire started on the 8th floor. Most exits were locked and others were quickly blocked by the fire. The flimsy metal fire escape collapsed, killing twenty. As the fire and smoke got worse, workers began to jump from the windows. 146 young people died from the fall, fire or smoke. The disaster was one of the deadliest in the city and in U.S. history.

Francis Perkins saw the fire and the dead on the street and it changed her life. She became one of many who worked inside and outside of government to make sure this never happened again.

Perkins joined a group to improve fire safety in factories. Soon, they started work to fix other problems like unsafe conditions at work, low pay, long hours and child labor. Many of their ideas became the law in New York and then in other states.

Frances Perkins became the U.S. Secretary of Labor in 1933 for Franklin D. Roosevelt. She helped create programs that even now give us a better life including unemployment insurance and Social Security. She helped start public works projects and projects for schools, roads and housing to give people jobs during the Great Depression. The Fair Labor Standards Act was passed in 1938 and set minimum wages and maximum hours and ended child labor.

These are the results when American people work to protect themselves and enjoy the benefit of their hard work. These results came from the work of people who understood how an unfair system would leave you no choice but to jump to your death. We have gained much from their loss and we need to remember their story.

AND GOD SAYS...

For we wrestle not against flesh and blood [humanity], but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places [spheres of fallen angelic authority] (Ephesians 6:11-12).

"I strongly believe that we are "rocketing" toward the second coming of Christ. The Bible teaches us that the days surrounding our Lord's second coming will be characterized by demonic activity....

"Even now many Middle Eastern Muslim nations are moving their infrastructure into place in preparation to aid the Antichrist in the capture of Jerusalem. Unfortunately, America is permitting it to happen. Make no mistake about it, there is a strong link between America and what is happening in Jerusalem. America, until recently, was known as the "policeman" of the world. While not perfect in all of its actions, it did both help and stabilize much of the world for about sixty years.

"Today, our government is steeped in sin and all manner of corruption. Of course, this is not new to our government, but the depth of lying, cheating, misrepresenting, and perverting the truth is unequaled in the history of our nation. And, millions of Americans with indifference just look the other way." (Excepts from Marv Rosenthal's October letter, president of *Zion's Hope*.)

I believe he is exactly right. This election is about more than politics, it is spiritual war. There is a spiritual blindness growing in our country, leaving people totally deceived so that they call good, evil and evil, good. For example, they really think Israel is the aggressor as anti-Semitism increases. She is not. Just look at the facts. Another example. They think that Planned Parent is about women's health. It is not. It is about killing babies. Don't believe me? Just look at it's history and goals.

We quote 2 Chronicles 7:14, which calls us to repentance. But what does that mean. It means more than just confessing sin. For one thing, it means to stop being passive and take your stand for righteousness. That means speaking up to express your faith both privately and publicly, at least by voting (Out of the fullness of the heart the mouth speaks (Matthew 12:34)). It is only when we act on our faith that our faith is really proven genuine (Hebrews 11, James 1:12; 2:14-17).

The History of EMS Week

In 1974, President Gerald Ford authorized EMS Week to celebrate EMS practitioners and the important work they do in our nation's communities. National Emergency Medical Services Week brings together local communities and medical personnel to honor the dedication of those who provide the day-to-day lifesaving services of medicine's frontline. EMS Week is presented by the American College of Emergency Physicians (ACEP) in partnership with the National Associations of Emergency Medical Technicians (NAEMT). Together, NAEMT and ACEP lead annual EMS Week activities. These organizations are working to ensure that the important contributions of EMS practitioners in safeguarding the health, safety and well-being of their communities are fully celebrated and recognized.

HANSEN AUCTION GROUP HANSEN REAL ESTATE GROUP

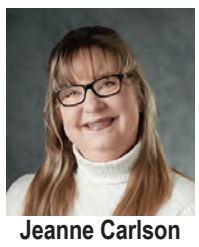

FROM CLEANOUTS TO CLOSINGS -A STRONG START TO SUMMER

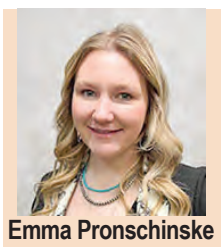

Some warmer days are making it feel like summer. Lawns are getting mowed, homes are being cleaned out, and those long-put-off projects are finally getting done. Farmers are back in the fields, and construction season is here. At Hansen Auction Group and Hansen Real Estate Group, we're here to help at every level. Whether it's cashing in on some of the "decluttering" or finding the perfect item for summer fun, retiring equipment or adding to your lineup, or the bigger moves like buying or selling real estate, we are just a phone call away. Auction activity remains strong, with 43 auctions last month, over 18,500 bidders from 35 states, plus Canada and Mexico, and more than 5.7 million website views. As the pace of the season picks up, it's a GREAT time to make your move!

As a "THANK YOU" to all of YOU, we will be hosting a
Hansen Auction Group Community Picnic "Open House"
as we celebrate 8 years in business. We hope you'll join us at our Arcadia office on
Wednesday, June 10, 11:00-1:00. See you there!

EMS WEEK™

MAY 17-23, 2026

IMPROVING OUTCOMES TOGETHER

THIS IS EMS: CARING FOR OUR COMMUNITIES

May 17-23, 2026, is the 52nd annual National EMS Week. In 1974, President Gerald Ford authorized EMS Week to celebrate EMS practitioners and the important work they do in our nation's communities. NAEMT partners with the American College of Emergency Physicians (ACEP) to lead annual EMS Week activities. Together, NAEMT and ACEP are working to ensure that the important contributions of EMS practitioners in safeguarding the health, safety and wellbeing of their communities are fullycelebrated and recognized.

EMS Week is the perfect time to recognize EMS and all that its practitioners do for our nation.
