**BARN OWL**  
**FALLACIES IN SCIENCE PART ONE**

In the last year, BARN OWL published three articles about **FALLACIES IN LOGIC** and how to spot faulty reasoning in a political argument. You can find them at barnowl57.substack.com.

Today, uneducated fools like Robert Kennedy Jr are taking apart the CDC and NIH, and making up misleading arguments about health, vaccines and prevention. It is helpful to understand some common fallacies and how they are being used to confuse people. Kristen Panthagani MD PhD wrote in *You Can Know Things* about how the same fallacies are used to twist scientific facts and evidence.

- **THE APPEAL TO NATURE FALLACY** assumes that because so many good things come from nature, natural things must always be better than things that are made by people. For example, some people say that natural immunity is better than vaccines, raw milk is better than pasteurized and vitamin supplements are better than medications. Sure, sometimes natural things are better, but you cannot assume the word “natural” is *enough* to prove one thing is better without more evidence.
- **THE FALSE DICHOTOMY FALLACY** turns a complicated issue into an either/or choice. For example, if someone asks what caused measles cases to drop – vaccines or better sanitation and health care – the answer is both. A false dichotomy makes you choose between two options when there may be many options.
- **THE AD HOMINEM FALLACY** attacks the person making the argument instead of dealing with the facts. RFK Jr uses this one to say that doctors, medical institutions and big Pharma are corrupt and you can’t trust them. While corruption certainly exists, this does not mean that all experts or scientific evidence can be, or should be, ignored.
- **THE COMMON-SENSE FALLACY** argues something is true because it *seems true, lots of people believe it’s true* or it sounds like common sense. But no evidence is given to back it up. This can make complicated problems seem easy to solve without doing the hard work of getting the evidence. Intuition alone is not proof. This is also used in RFK Jr’s messaging.
- **THE STRAW MAN FALLACY** occurs when someone changes an other person’s argument to sound more extreme or simplistic than it really is. This made-up version (“the strawman”) is easier for them to argue against, making it look like they won the debate. But the original point was never addressed.

**Clark County Humane Society's Pet of the Week**

**“PARROT”**  
Parrot is the CCHS Pet of the Week!

**SAVE A SHELTER PET!**

Parrot is a 5 month old Heeler mix who weighs 26#. He is a sweet, playful puppy who came to us with his siblings. While all of his brothers and sisters have found their forever homes, Parrot is still waiting for his turn. Due to an injury to his back foot he had when he arrived, he had to stay behind and continue his recovery. While he's doing great, his injury will likely require some attention and care in the future. Don't let that fool you, though Parrot is still very much a puppy! He loves to play, explore, and soak up all the affection he can get. This happy little guy has a big heart and an even bigger personality, and he's ready to bring endless smiles to a family willing to give him the love and support he deserves. Parrot has watched all his siblings leave for their new adventures. Now it's his turn to find a forever home where he can continue to grow, play, and be cherished. Apply for Parrot today! You can submit your adoption application on our website: [www.cchs-petshelter.org/applying-to-adopt](http://www.cchs-petshelter.org/applying-to-adopt).

During the whole month of July, it's time for "Stars, Stripes and Shelter Pets" at CCHS! It's an adoption promotion for our adult dogs. Adoption fees will be just \$50 on select adult dogs. You will also get a special handmade surprise to take home, plus you can Spin the Wheel for an extra bonus gift! You can learn more on our website: <https://www.cchs-petshelter.org>. It's the perfect opportunity to add a wonderful new dog to your family, because every pet deserves the freedom to be loved!

IT'S HARD to talk about being abused. Sometimes it's even harder to know if what you are experiencing is abuse. But you don't have to face this alone. There are safe places where you can begin to sort it all out with complete confidentiality. Bolton Refuge House in Eau Claire and New Horizons in La Crosse, Sparta and Whitehall all offer support groups and individual sessions for women who are experiencing physical, emotional or sexual abuse in their relationships. For more info contact the program closest to you. Eau Claire- Bolton Refuge House 1-800-252-4357. New Horizons: La Crosse, Sparta & Whitehall 608-791-2600 you may call collect, JC Outreach 715-333-2350. Crisis hotline, 1-855-526-5866 or 1-855-5BOLTON.

## Bolton Refuge House Inc.

Weston, the son of Nick and Andrea Kyser, was recently diagnosed at six months of age with Krabbe Disease, a rare and terminal genetic disorder that affects the brain. This life-changing diagnosis brings not only an emotional toll for all who know and love Weston, but also a significant financial burden for his family.

Weston’s care will require specialized equipment, ongoing medications, and travel to see medical specialists. In addition, his parents will face lost income as they take time away from work to care for him.

**THANK YOU FOR COMING TOGETHER TO SUPPORT
