AND GOD SAYS . . .

I pastored three churches during my ministry. Each was a small, struggling church. We lived in the home they provided for us so we had no property of our own when we approached retirement. Our hope for our life was in the Lord's provision.

I had watched my father-in-law as he went through these similar end-of-life issues as a pastor and how the Lord provided for him. I read in the Scriptures how God provided for the Levities even though they never owned homes. I heard and took to heart God's promise that I do not need to be afraid because He is with me and He is sufficient for me (Joshua 1;8, Hebrews 13;4). And God is proving true.

And now I am in the end phase of my life. Just before I retired from church ministry, we were enabled to purchase a home without a down payment. We lived there very comfortably for five years. Then my wife experienced kidney failure and I had a stoke so we could no longer take care of the property. We had to sell and move into housing where I would not need to maintain it.

But again the Lord provided, this time through one of my grandsons. He purchased a home to rent to us at a price we could afford. It is a beautiful home with a sun room that my wife loves. It is probably the nicest home we have ever lived in.

But there is still one phase of life left. Eternity. God says in John 14:1-6 that he is preparing a place for me. Jesus was casting a vison for my future. All my life I have experienced the Lord providing for me. A son of a truck-driver, who became a preacher. Providing the perfect wife for me, a daughter of a pastor. Providing a little guest house on a hobby farm in Wheaton, IL while I was in graduate school. Then at least six parsonages during three church ministries, then a home in the country, and now a beautiful retirement home. It seems each experience was better than the last.

But the best is still yet to come. I will live in the place that Jesus Himself has prepared for me. This place will be exponentially greater. It will be in God's house. In comparison, what I have known are only stage props. But what is yet to come is the real thing needing no upkeep.

Friend, that is the vision for all who put their faith In Jesus Christ. Praise the name of Jesus.

BARN OWL

FALLACIES IN LOGIC – PART ONE

(clip and save for future reference)

There are a lot of people arguing these days. Most of them don't want you to ***think*** about what they are saying, they just want you to ***believe*** them. Some people – and a lot of politicians – try to sound like they make sense when they are just using tricks to fool you.

Logic is an ancient field of study and a way of thinking clearly to find out what is true in an argument. It warns us of tricks – called **"fallacies"** that can make an argument seem right even when it isn't. It is good to know these fallacies. There are many of them.

Here are a few common fallacies:

Ad Hominem – attacking the person instead of the argument they are making.
Examples:
-- "She went to an elite school so she has no idea how we live!"
-- "He works for the failed New York Times so he has a biased view."
-- calling someone a name: "Sleepy Joe", "Little Marco"

Straw Man – Changing what someone said then attacking them for what you say they said- not for what they really said. Examples:
--"So, what you're really saying is you want to kill babies!"
(when they never said that)
-- "you want to give our taxes away to lazy people"
--"you don't care if poor women die without health care."

Red Herring – distracting the audience by bringing up a different topic. Examples:
--"they are being held in inhumane conditions" ➔ "Our freedom is threatened by these people entering our country illegally"
--"I have questions about your family finances" ➔ "You have been married four times and have cheated on all your wives!"

Appeal to Ignorance – Also called an "argument from ignorance", this is a trick when someone says something must be true because it hasn't been proven false – or that something must be false because it hasn't been proven true. Examples:
--"If no one can prove me wrong – then I must be right!"
--"no one has proven that aliens haven't visited our planet, so it must be true"
--this was tweeted to CNN by the President: ***"What PROOF do you have Donald Trump did not suffer from millions of FRAUD votes? Journalists? Do your job!"***

MORE fallacies coming in part 2

Clark County Humane Society's Pet of the Week

"EBONY"

Ebony is the CCHS Pet of the Week!

SAVE A SHELTER PET!

Ebony came to CCHS when she was found as a stray by a nice family en-route to visit us at CCHS. Ebony is quite the sociable girl! She enjoys attention and won't hesitate to share her thoughts with you. She is about 1 year old and weighs 7.1#. She has a smooth and sleek short-hair coat that is all black with beautiful bright golden eyes. Ebony is a great girl, but she did test positive for FIV (Feline Immunodeficiency virus) which can affect her immune system. But she is very healthy and should be able to have a normal life. She can live with other cats as long as they get along, as FIV is only spread by deep bite wounds between cats. If you have space in your heart and home for this great girl, apply for Ebony today! You can submit your adoption application on our website: www.cchs-petshelter.org/applying-to-adopt. We have lots of wonderful pets available for adoption now, so please check them all out online and then stop in to visit!

Do you have a love for cats and dogs and have been thinking it would be nice to help out at CCHS? Well, now's your chance! Whether it's a few hours a week, one day a month, or something in between, this is your opportunity to try it out. We are very much in need of volunteers! You can learn more and sign up on our website: https://www.cchs-petshelter.org/volunteer or email April at cchsoutreach1@gmail.com. Come join our CCHS volunteer family!
