Clark County Humane Society's Pet of the Week

"ARUBA"

Aruba is the CCHS Pet of the Week!

Aruba came to CCHS from a local farm with his 5 siblings back in the middle of May. Aruba doesn't understand why all of his siblings have been adopted but he's still here at the Shelter. He knows he's really a good boy who deserves to find a new forever family! Aruba is now 6 months old and weighs 29.9#. Aruba is a very handsome boy with his short-haired Tri-color coat with a cute white tail light. He is a Heeler mix, we just don't know exactly what is mixed in there. Aruba is a happy guy with a positive outlook on life. He likes to be with people and recently did really well on an afternoon outing with some Shelter volunteers. With any rescue, training and socialization are incredibly important to the success of the pup. If you're ready for a great new friend to join your family, submit your adoption application right away. Apply for Aruba today! You can submit your adoption application right on our website: www.cchs-petshelter.org/applying-to-adopt. We have lots and lots of wonderful pets available for adoption now, especially kittens and puppies, so please check them all out online and then stop in to visit!

Do you have a love for cats and dogs and have been thinking it would be nice to help out at CCHS? Well, now's your chance! Whether it's a few hours a week, one day a month, or something in between, this is your opportunity to try it out. We are very much in need of volunteers! You can learn more and sign up on our website: https://www.cchs-petshelter.org/volunteer or email April at cchsoutreach1@gmail.com. Come join our CCHS volunteer family!

BARN OWL

PROJECT ESTHER

How did President Trump and his minions suddenly get so **"woke"** about antisemitism?
PROJECT ESTHER is a plan written in October 2024 by Victoria Coates and others from the right-wing **Heritage Foundation.** The plan uses protecting jews as an excuse to silence progressive voices that speak out against the government.
The Project asserts all people on the left, through association, are part of the terrorist "Hamas network," and, as terrorists, can be detained and imprisoned without due process of law.
Most Jewish organizations want nothing to do with Project Esther.

Trumps team is using Project Esther just like they are using Project 2025.

Trump is attacking American Universities that allow Pro-Palestine protests on campus. Many Pro-Palestinian groups are protesting the killing and starvation of the population of Gaza. These protesters are called anti-Jewish even though they are not speaking against Jews, but against the actions of the Israeli government.

Trump wants the names of everyone who joins the protests. He wants masks banned so no one's face is hidden. He wants universities to shut down groups that are against Israel. He has arrested Arab students for sharing their opinions. He says all pro-Arab groups are either terrorist or supporters of the Hamas terrorist organization.

He wants us to believe he is protecting Jewish people from hate and violence.

But wait a minute. He has no plans to stop anyone on the Right - even though the Right has a long history of violence against Jews. In 2017 in Charlottesville, Virginia, white supremacists marched with torches chanting "Jews will not replace us!" This UNITE THE RIGHT protest was made up of 21 organizations including Neo-Nazis, the KKK and far right militias. Trump was president. After one woman was killed and over 50 injured, Trump initially blamed both sides. He said there were **"very fine people on both sides."** He only later said Neo-Nazis "should be condemned totally" after much criticism.

Attacks on Jews and their synagogues are coming from both sides – from far-right groups and pro-Palestinian protestors. But Trump is only going after the protestors on the left. He is not doing anything to stop hate and violence from the right, even though these supporters don't want Jews to live in America at all.

Our government is using antisemitism as an excuse to get more power over anyone who disagrees with them. They are finding new ways to frighten and control.

AND GOD SAYS . . .

The God who made the world and everything in it is the Lord of heaven and earth . . . From one man He made all nations of mankind to live on all the face of the earth, having determined their appointed times in history and the boundaries of their dwelling places. God did this so that they would seek Him, and perhaps reach out for Him and find Him, though He is not far from any one of us. *For in Him we live and move and have our being* . . . . Acts 17:22-29

The creator God is the Lord of heaven and earth. Our entire existence is under His control. He has determined when we live and where we live. He has given us purpose in life. Throughout our lives, He never leaves us and is never far from us, like a hovering parent waiting to be included in their child's life, always ready to help or protect or intervene if need be.

But instead of seeking His involvement in our lives, we respond in a continuum of indifference to extreme hostility to Him. The mercy and grace that He extends to us everyday of our lives are like a cascading river bringing us all we need for life and godliness (2 Peter 2:3). But instead of basking in His provisions, we are like the salmon, who swim against the current of the cascading river, we swim against the cascading river of His blessing. And like the salmon, who, once they reach their goal, deposit the eggs that will reproduce themselves, they die. In much the same way, we sow our evil seed that reproduce our ungrateful and destructive behavior in our children, and then we, too, die in our sin.

What a tragedy. Our creator God only wants to bless us, to give us the fulness of life, to lavish His love on us, to be gracious to us and in mercy, forgive us of our rebellion against Him. That was the purpose for which Jesus came into this world as a man, not to condemn us, but to save us (John 3:17). If only we would stop a minute and truly listen to His plea to heal and help us, maybe we could hear His voice, and humble ourselves before him. Then we could find the rest we need for our souls and find the peace we are truly longing for (James 4:6-10).

~Teach your child to never talk to strangers

Go over specific scenarios, such as a motorist asking for directions or assistance, or a stranger with a friendly pet, that may trick kids into interacting with a stranger.

~Teach kids what traffic signals and signs mean

Communicate the importance of obeying them. Remind kids to carefully cross streets at crosswalks, looking both ways twice and never entering the street from between parked cars.

~Go over school bus rules with kids

Remind them to stay seated throughout the ride. Teach kids to never approach or prepare to exit the bus until it comes to a complete stop, and to only cross at least 10 giant steps in front of the bus when exiting, so the driver can see them.

~Make sure your child knows your phone number

As well as your place of work, and his or her home address. Kids should also have a backup number for another trusted adult and know to call 911 in an emergency.

~Help organize your child's backpack

Make sure it's not more than 20% of his or her weight.

~Tour the school with your child

Meet the new teacher and find their classroom.

Level: Intermediate

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle.

Sudoku answer:

3	8	4	5	6	2	1	9	7
6	9	2	1	7	3	4	5	8
7	1	5	8	4	9	3	2	6

CELEBRATING SUMMER SUCCESS AND LOOKING AHEAD TO FALL

From national stages to small-town parades, Hansen Auction Group has been making its mark this summer. Locally, Realtors Jamie Back and Jacob Lallemont achieved standout results in Western Wisconsin land auctions. In Buffalo Co, a scenic 17.2 Acres sold for $11,000+ per acre & in Trempealeau Co, 105 Acres sold for $9,000+ per acre, proving the combination of local expertise and the competitive energy of the auction method. Jacob also helped raise thousands for local charities at the Country Jam USA stage, including a $10,000 winning bid on a guitar.

Beyond auctions, the Hansen team has been active in the community—waving along the Prairie Farm Dairy Days parade route, sponsoring Christmas in July for BASE in Fort Atkinson, and hosting both a school supply drive and an upcoming blood drive. Hansen Auction Group is proud to serve and celebrate the communities we call home and look forward to carrying that same energy into the busy and exciting fall season.
