BARN OWL

WHAT IS "WOKE"?

Our aging president and his MAGA base have fallen in love with the word **"woke".** Really, in love. They use **"woke"** all the time.

Florida Governor Ron DeSantis says "We must fight **"woke"** in our schools, in our businesses, in government agencies." "We can never, ever surrender to **woke** ideology". And "Florida is where **woke** goes to die." Elon Musk warned of the **"woke** mind virus" and our president called the U.S. military weak because "they want to go **woke**." He said "the days of **"woke"** are over."
They really seem to love that word!

So, what does **"woke"** mean? Where does it come from? According to the Merriam-Webster Dictionary, **"woke"** means being *"aware and actively attentive to important societal facts and issues (especially issues of racial and social justice)."* It has been a part of Black American slang since the 1920s, meaning *be aware and have your guard up.* Staying "Woke" was a warning between Blacks to be aware of the racist system that left them disadvantaged and in danger. The word grew in importance and use during the protests following the murder of Michael Brown in Ferguson, Missouri in 2014 and George Floyd in Minneapolis in 2020.

Oddly enough, even Governor DeSantis's team once said that **"woke"** was **"the belief there are systemic injustices in American society and the need to address them."** But he is against that.

As often happens, if someone doesn't like a group, they take words used by the group to mock them and hurt them. To MAGA and our elderly president, this includes anything that to them smells of civil rights, gender rights, equity, diversity - even empathy -- and anything that smells of Blacks. The word **"woke"** has been reused and sold to the MAGA base of the GOP. **"Woke"** becomes a "dog whistle" against anything progressive, civil rights and gender rights. (A "dog whistle" word is used as a nudge and a wink instead of saying what you really mean without using a racist or political word.) **"Woke"** can mean a woman piloting a helicopter, a black man in a supervisory position or a judge who rules against you.

From a word that meant "stay alert and be careful", **"woke"** is now used in mockery. It is used in new laws to restrict students from learning all of American history, limit conversations about systemic racism and gender equality and to push laws that will reduce our rights and freedom.

Clark County Humane Society's Pet of the Week

"SLOANE"

Sloane is the CCHS Pet of the Week!

Sloane came to CCHS with her 4 siblings from a local farm towards the end of August. This charming Great Pyrenees/Doberman mix is about 16 weeks old and weighs roughly 23.7# currently. Sloane is a HUGE lovebug! Her favorite activities include giving kisses, staying glued to your side, and plotting how to spend the perfect day off with you! While we may not have 20/20 vision into the future, we can tell you that Sloane is probably going to grow up to be a big girl, and her furever family should know that though she may grow large, she will still try to curl up on your lap if you give her the chance! With any puppy, training and socialization are incredibly important to the success of the pup. Apply for Sloane today!

It's almost here!! The 3rd Annual Clark County Community, Crafts and Causes' Craft Fair will be held on Saturday, October 4th, from 9 AM - 3 PM at the Clark County Fairgrounds in Neillsville. There will be over 50 vendors, a food drive for the local food pantry, and food sales by the American Legion Post 73. There's also an amazing raffle with 100% of proceeds going to help the animals at CCHS! Plus, it's just a really fun time for all! Please come join us and support really great causes!

AND GOD SAYS . . .

For in him all things were created. (Colossians 1:16).

This past Sunday at church, we were discussing the fact that God created everything. The teacher of the class then asked, "Since God created everything, did he create evil?" This resulted in an animated discussion.

Why is this discussion meaningful? Why is it important to our faith in God?

Jonathan Cahn begins one of his latest books, *The Dragon's Prophecy*, with this very question because it is basic to a proper understanding of the nature of God and our faith in him to overcome evil in our lives. He clarifies the issue with these questions,

> If God is good, then how could there be evil? And if God created evil, then how could God be good? But if God did not create evil, how could evil exist? Or how could God be God?

In answer to this dilemma he reasons "If evil was created, it would not be a problem, nor would it be evil. Evil is a problem for the very reason that it was *not* created."

You see, after our *good* God created everything, he saw everything he had made, without exception, excluding nothing, and it was "very good" (Genesis 1:31). This, at the very least, would be a totally misleading statement if he created evil.

It is important to note that evil is not "simply a force" like a hurricane. Nor is it just bad things happening. If a weasel invades a chicken coup, and kills all the chickens, is that considered evil? Of course not. It may be a tragic loss, but it is not evil. But if a man invades a home and kills all those inside, men, women and children, is that considered evil? Of course it is. What makes the difference? Cahn then asks an insightful question, "What makes evil *evil*?"

In summary evil is the exercise of our free will in rebellion against God's created order. Cahn says it his way; "Evil is the parasitic inversion of the good." It exists because God took the risk of creating us with a free will that enables us to accept what is good and respond accordingly or to resist his created order, which is evil. He did this because he desires that his love for us be returned to him freely, without being forced. So, is the risk that God took with you paying off?

Thank You

#WillPProject would like to thank all of our sponsors, volunteers, donors, and attendees who were a part of the successful #WillPProject Connecting With Hope community event and fundraiser! Our goal was to create a warm event that sparked connection and hope, while also inspiring reflection about mental health and remembrance of those who have been affected by mental health struggles. It was a true testament to the power of community. Remember, there is hope. There is always hope.

SUMMER WRAPS UP, FALL KICKS INTO GEAR

As summer winds down, Hansen Auction Group is ramping up for a busy fall season! The Pike Auction at our Princeton location was not only successful, we had our busiest open house yet and a fun scavenger hunt with prizes. Watch for that at our upcoming Nitke Auction! Hansen Real Estate Group continues with a flurry of activity helping clients purchase and sell a variety of real estate in a variety of ways! Trust that we will find what works best for you. From supporting local activities to helping nonprofit events like Ashley for the Arts in Arcadia, which raised over $715,000, our team continues to connect with the community while helping sellers pass along a choice piece of equipment, buyers find their next prized vehicle, or young homeowners find their first "home sweet home". As we introduce more fun events and deepen our community connections, be on the lookout for ways you can engage as a customer and supporter this fall!

CO-OP MONTH OCTOBER 2025

Cooperatives are Part of Your Life

Celebrated by cooperatives nationwide during the month of October, National Co-op Month is an annual opportunity to raise awareness of a trusted, proven way to do business and build resilient, inclusive communities.

Under the theme **"Cooperatives Build a Better World,"** this year's Co-op Month echoes messaging around the **Year of Cooperatives** and lifts up the people-centered businesses at the heart of our communities and economies.

How is your co-op building a better world? From finance to food and housing to childcare, co-ops nationwide are shaping a more equitable, innovative and sustainable future.

CO-OP MONTH FUN FACTS

Minnesota was the first state to declare an official Co-op Month proclamation in 1948.

Co-op Month has been a nationally recognized celebration since 1964, when U.S. Secretary of Agriculture Orville Freeman, a former Minnesota governor, proclaimed October Co-op Month.

The first National Co-op Month theme in 1964, was "Cooperatives: USDA Helps Build a Better America."

The U.S. Government sponsored Co-op Month from 1964-1970.

Every October, the U.S. Department of Agriculture releases its annual Co-op Month proclamation.
