Notice of Pending Application for Bridge
Kevin Rice has applied to the Department of Natural Resources for a permit to repair an existing Bridge. The project is located on Black River in the NW 1/4 of SW 1/4, Section 01, Township 21, Range 04 W, City of Black River Falls, Jackson County Wisconsin.
Union Pacific Railroad (UPRR) proposes to strengthen piers B-1, B-2 and B-3 of existing Milepost (MP) 140.79 bridge on the Altoona Subdivision in Jackson County, Wisconsin. Bridge 140.79 spans the Black River and is approximately 2.5 miles northeast of the town of Black River Falls at approximately 44.326115 degrees north latitude and -90.818924 degrees south longitude. The Project is necessary to meet UPRR safety and design standards and to comply with Federal Railroad Administration regulations. Specifically, the Project (MP 140.79 Bridge Pier Strengthening Project, plan dated March 13, 2025) will include the following: Materials staging and construction from barges. Construction materials will be loaded at a downstream public boat landing and floated to the Project location. Construction and materials staging will occur from 8-foot by 40-foot barges tied together and one track-mounted boom or grapple truck. Barge spudding within the Black River, confined to workspaces surrounding the piers. The work barge is equipped with four spud feet that are all 12 inches in diameter. Every time the work barge moves and drops spud feed, it will result in 3.14 sq ft of disturbance to the bed of the Black River. It is anticipated that the work barge will need to pick up spuds, move and drop spuds approximately 20 times around each of the three piers. This will result in a total anticipated temporary impact of 188.4 sq ft or 0.004 acres. Tuck point crack repairs at Piers B-1, B-2, and B-3. Encasement of Piers B-1, B-2, and B-3. Installation of vinyl sheet piles around the piers at a distance of approximately 9 inches from the existing pier substructure. Installation of tie back dowels into the existing pier substructure. Pour concrete within the vinyl sheet pile to encase the in-water portions of the piers.
Encasement of Pier B-1 will occur only on the waterside of the pier and will not impact the retaining wall to the north of the pier. For permitting purposes, impact calculations were completed assuming a 12-inch thick encasement. No upland ground disturbance is proposed as part of the Project.
The Department will review the proposal provided by the applicant and any information from public comments. The Department will determine whether the proposal complies with ss. 1.11, 30. and s. 30.208, Wis. Stats., and ch. NR 150, Wis. Adm. Code, and ensure

that the required mitigation meets the standards in s. 281.36(3r), Wis. Stats., if the project impacts wetlands.
The Department has made a tentative determination that it will issue the permit for the proposed activity.
If you would like to know more about this project or would like to see the application and plans, please visit ePermitting at <https://permits.dnr.wi.gov/water/SitePages/Permit%20Search.aspx> and search for Rice or WP-IP-WC-2025-27-X11-10T15-34-49.
Reasonable accommodation, including the provision of informational material in an alternative format, will be provided for qualified individuals with disabilities upon request.
Any person may submit written comments by emailing kevinr.lien@wisconsin.gov, by leaving a voice message at (715) 670-8593, or writing to Kevin Lien, 910 Hwy 54 E, Black River Falls, WI, 54615 by mail. Comments should include the docket number or applicant name and should relate to whether the project meets the legal standards listed above. Comments must be submitted or postmarked no later than 30 days after the date on which the Department first publishes the notice on our Internet website.
If you would like to request a public informational hearing, the request must be submitted or postmarked within 20 days after the date on which the Department first publishes the notice on our Internet website. A request for hearing must include the docket number or applicant name and specify the issues that the party desires to be addressed at the informational hearing. If no hearing is requested, the Department will issue its decision without a hearing. If a hearing is held, comments must be submitted or postmarked no later than 10 days follow
The final decision may be appealed as indicated in the decision document. Docket Number IP-WC-2025-27-03578

**STATE OF WISCONSIN,
CIRCUIT COURT,
JACKSON COUNTY**
IN THE MATTER OF THE
ESTATE OF
Eric Richard Roush
DOD: 10/30/2024
**Notice to Creditors
(Informal
Administration)**
Case No. 26PR17
PLEASE TAKE NOTICE:
1. An application for informal administration was filed.
2. The decedent, with date of birth 03/31/1972 and date of death 10/30/2024, was domiciled in Jackson County, State of Wisconsin, with a mailing address of N2952 West Pine Hill Road, Black River Falls, WI 54615.
3. All interested persons waived notice.
4. The deadline for filing a claim against the decedent's estate is 09/28/2026.
5. A claim may be filed at the Jackson County Courthouse, 307 Main St, Black River Falls, Wisconsin, Room C207.

The Common Council met in special session at City Hall in the City of Black River Falls on June 17, 2026 at 6:00 P.M. Alderpersons Dougherty, Gearing-Lancaster, Wussow, Ammann and Peloquin were present. Alderperson E. Rave attended remotely via Zoom meetings. Alderpersons M. Rave and Busse were excused. Mayor J. Eddy presided.

It was moved by Alderperson Gearing-Lancaster, seconded by Alderperson Peloquin, to dispense with the reading of the minutes of the June 2, 2026 Common Council meeting and approve as presented. Motion carried.

CITIZENS IN ATTENDANCE

There was one citizen in attendance remotely via Zoom meetings.

COMMITTEE REPORTS

It was moved by Dougherty, seconded by Alderperson Gearing-Lancaster, to approve the minutes of the June 4, 2026 Business Improvement District (BID) Board meeting. Motion carried.

It was moved by Alderperson Wussow, seconded by Alderperson Dougherty, to approve the minutes of the June 9, 2026 Joint Review Board meeting. Motion carried.

There was a lengthy discussion on reducing the speed limit on Main Street in the downtown business district. The City Administrator shared information obtained from the WI Department of Transportation which indicated the local government body has the authority to raise or lower the speed limit within statutorily established parameters of 15mph to 55mp without WisDOT approval, but a speed study would need to be done before the speed limit could be changed to document it and make it enforceable. Council members and the City Administrator shared their positions which included 25mph is slow enough and already hard enough to enforce, would rather spend money on another speed radar sign to be placed on the hill for eastbound traffic, they've witnessed traffic traveling 15-20mph already and so you already have safety conscious drivers and drive a little slower anyway and others will choose to speed regardless of the set speed limit, the potential of backlog of vehicles with fewer being able to get through the stop light if they were traveling slower, liked the idea of reducing the speed limit but the cost of a study is concerning, based on experience in smaller towns that have lower speed limits seemed more dangerous as you have more people J-walking because traffic is moving slower and they feel safer, drivers and pedestrians both bear some responsibility in safe pedestrian crossings and using designated crosswalks, we have portable yield to pedestrian signs in the middle of the street, and if someone is concerned about safely crossing they have the option to walk to the stop-light push the button and cross with a pedestrian

crossing light at a controlled intersection. The City Administrator also shared a concern raised by another resident who recommended extending a 25 mph speed zone past the Lunda Community Center and the pedestrian crosswalk near there. There was consensus to explore placing a speed radar sign on Main Street and placing a portable yield to pedestrian crosswalk signs in the crosswalks on N Water Street near River Street and Jefferson Street.

There was discussion on posting regulations for e-bikes, e-scooters, and similar devices on the Foundation Trail and downtown sidewalks. There was consensus there were too many regulations to get on a sign for downtown and have it be effective so we should not post any signs at this time, and we should explore painting the 15 mph speed limit on the pavement at each access point to the Foundation Trail.

It was moved by Alderperson Peloquin, seconded by Alderperson Gearing-Lancaster, to approve the purchase of up to three (3) Historic Downtown District signs with custom octagonal posts at a cost not to exceed \$7,500 using funds from TID #6. Motion carried.

The Department Head monthly reports were reviewed. Department heads present were Mark Nordahl, Darryl Nelson, Jarod Mayer, Travis Brown, and Brad Chown. Cara Hart was excused.

1. The Parks & Recreation Director advised the tube slide pipe repair at the Aquatic Center cost \$7,300 and we received funds from the Hoffman Aquatic Center Maintenance Fund that the Black River Falls Area Foundation oversees. He also advised donations for Festival in the Park came in at just under \$20,000 so the community continues to back that event. At the last Black River Youth Softball & Baseball Association meeting they discussed making Marks Field a no smoking area so that will be brought forward as an action item at next month's meeting.

2. The Library conversion to solar went well. The City Administrator commended the Fire Department for providing a canopy for the lineman to use to complete the work in the rain.

3. The Fire Chief advised correction to his report that account balances were as of June 10th. He also advised Jessica Osgood, one of our full-time EMT's, has passed her paramedic test so we will soon have three full-time paramedics, which will be great for us and the surrounding communities we serve!

4. The Street Superintendent advised curb & gutter has been installed on N 8th Street, Chipewa needs to come back to spray sealer because they got rained on during installation, Street Dept has about 1,500 feet of restoration to do, and hope to have the street open to traffic as soon as that is complete.

It was moved by Al-

derperson Ammann, seconded by Alderperson Peloquin, to approve the applications for renewal of Class A, B, and C Beer, Wine, Liquor, and Wholesale Retailer Licenses for 2026-2027. Motion carried.

ORDINANCE 905 – an ordinance repealing and recreating Sections 17.24(3)(a)(4), 17.24(3)(a)(6), and 17.24(3)(b)(2)(c) of the Code of Ordinances regarding Well Head Protection was presented with 1st reading.

It was moved by Alderperson Dougherty, seconded by Alderperson Wussow, to approve the vouchers for May 2026 Check #76990 - #77094 totaling \$571,813.54. Motion carried.

It was moved by Alderperson Gearing-Lancaster, seconded by Alderperson E. Rave, to approve the City Treasurer's Report for May 2026. Motion carried.

It was moved by Alderperson Wussow, seconded by Alderperson Gearing-Lancaster, to approve the Revenue & Expense Report for May 2026. Motion carried.

It was moved by Alderperson Peloquin, seconded by Alderperson Dougherty, to adjourn. Motion carried at 6:54pm.

A. Brad Chown
City Administrator
